(d) what action has been initiated against such culprits; and

(e) what steps are being taken to find out whether the beneficiaries are the real freedom fighters in view of the serious charges made?

THE MINISTER OF HOME AFFAIRS (SHRI BUTA SINGH): (a) Yes, Sir.

(b) to (e) A statement is annexed.

Statement

Every effort is made to sanction pension to genuine freedom fighters after proper verification and careful scrutiny of the documents submitted by the freedom fighters. The verification is generally done by the State Governments, who verify the authenticity of documents/certificates with reference to available records and/or through local inquiry. However, where complaints are received such complaints are promptly referred to the concerned State Government for verification. In doubtful cases, where the complaint appears prima-facie genuine, the pension sanctioned is suspended and show cause notice is issued to the pensioner. Such cases are finally reviewed on the basis of explanation received from the freedom fighters and the verification reports of the State Governments. In case the pensioner is found to have furnished false information the pension is cancelled and the State Government concerned is advised to recover the wrongly drawn amount of pension. Till now, more than 8000 cases have been suspended and more than 2500 cancelled.

Generally, certificates issued by eligible certifiers are accepted as good if there is no complaint of indiscriminate certification by such certifier. If any complaint is received against any certifier, it is got verified. If, on inquiry, it is found that the certifier has given certificates to such persons who had not taken part in the freedom struggle, the certificates issued by such certificates are not realised upon in future.

The review of sanctioned cases is a continued process. All suspension cases are not however, bogus cases. Some of the cases suspended are on account of persons having an income
